Renewable Energy in Nailsea and Tickenham

Share your views

Public workshop, Nailsea Tithe Barn

Saturday 12 February , 10:00am-4:45pm

North Somerset Council is committed to becoming **carbon neutral by 2030** and would like to increase local renewable energy generation, but we want your input into future planning policies.

Could **your community** create more of its energy from **renewable sources**?

What types of **renewable energy** might be **acceptable** in your area and where?

How could **energy saving** contribute?

Everyone welcome. **No prior knowledge** needed.

Register for the event here: www.eventbrite.co.uk/e/have-your-say-generating-more-renewable-energy-in-nailsea-and-tickenham-tickets-243567947287 or ring 01179341400
